such cases a report is required from a Field Officer setting forth the character of the land and the cost of bringing the same under cultivation. In this case, a report would be required and I should be pleased if you would call on Mr. Supervisor Smith to obtain a fresh application from Mr. Moore, being careful to read all the questions carefully and to give complete answers thereto.

Sir,

Re S.E.¼-30-22-3-W.5.M. S.C.
William S.Moore. Charged Land.
Your File 880.

I beg to acknowledge the receipt of your letter of the 21st.Ult. enclosing the applications for patent of Mr.Wm.S.Moore for his homestead and soldier grant. I might state that his homestead application is in order and is being forwarded to my Head Office duly recommended by me.

The application for the land above mentioned is not in order and is returned herewith ,for correction ,or what would be better,a new application,with the evidence required by the different questions fully set forth in the answers. In this case,in answer to five questions,Mr.Field Supervisor Smith sets down " Refer to Homestead application." That is not a satisfactory answer as it is the intention that each application should be dealt with individually and that it it should be unnecessary to have to obtain the evidence to deal with with such case from an application dealing with another case. The file containing the evidence required may become displaced,when the evidence given as in this application would be useless.

Mr.Moore has only 20 acres under cultivation on his Soldier Grant. The regulations call for 30 ,or the equivalent in the cost of bringing 30 acres of ordinary prairie land under cultivation,which is considered at a value of $5.00 per acre. If by reason of brush,stone or the broken character of the surface,the area required to be broken may be reduced at the discretion of the Minister,but in all such

Sir,

S.W.¼ 30-22-3 W.5th M.,
Homestead - William S. Moore.
Your Reference No. 34019.

I beg to acknowledge the receipt of your communication of the 5th instant which was accompanied by the application for patent of Mr. Moore for his homestead, above described. It is not understood why this application was forwarded here duly recommended by you in view of the fact that he clearly sets forth in the said application that he only performed cultivation during one year on the said homestead, namely 1919, broke 5 acres, cropped 5 acres. It is true that he showed 20 acres broken on the soldier grant during the years 1920, 1921 and 1922, along with proportionate cultivation but you are aware that cultivation on the soldier grant cannot count for the homestead.

It is noted that Mr. Moore claims ownership of a considerable number of stock maintained, no doubt, on the homestead for either summer grazing or winter feeding. If such is the case and the land is unsuitable for cultivation possibly he might qualify under the Stock Clause of the regulations. Of course the duties in this connection, namely fencing and stabling accomodations must have been satisfactorily performed.

If it is Mr. Moore's intention to prove up his homestead as intimated it will be necessary to have a report from an official as to the suitability or otherwise of this land for agricultural purposes and also whether the stock conditions of the Act have been complied with.

If on the other hand he had his entries interchanged so that the S.W.¼ 30-22-3 W.5th M., now his homestead, would be his soldier grant the duties on the then homestead would be the breaking of the equivalent in cost of 50 acres of ordinary prairie land in view of the fact that residence was performed on the then soldier grant.

It is thought advisable to return the application for patent in case the entrant may desire to amend his statements.

Your obedient servant,

Encl.

J. Lorne Turner.

HOMESTEAD INSPECTOR'S REPORT

SUPPLEMENTARY FORM

No. of Report .....

Name of Homesteader ..... Wm. S. Moore .....

Land:— S.E.¼ of Sec 30 Tp 22 Rg. 3, W.5th M.

General Remarks Continued: -

I enclose herewith the application for patent of Mr. Wm. S. Moore for his Soldier Grant.

This land which is located in the foothill country is heavy rolling to hilly with heavy poplar and willow in evidence. It is only adapted for grazing and whilst it may be possible to bring a few more scattered acres under cultivation, it is not warranted or recommended due to the expense of clearing and breaking the land which would be far in excess of any possible returns or cash revenue. The 20 acres already cleared and brought under cultivation is in small scattered areas and has been used for the growing of greenfeed for his stock during the winter months. The cost of clearing and breaking would be in the neighborhood of $15.00 per acre.

It is noted from your letter of the 1st instant that you claim to have forwarded a copy of the Field Supervisor's report showing the South West quarter not suitable for cultivation, and I might point out that this report, apparently, did not accompany your letter, although the report in connection with the South East quarter was duly received.

MEMORANDUM:

Mr. Hume.

Re Donald McDonald.
S.E.¼ 26-18-3-W. 1st M.

In 1895 one Donald McDonald entered a homestead for 161.25 on the south half of S.E.¼ 26-21-3-W. 1st M. [illegible] to him by this Department.

According to the records the latter [illegible] a residency [illegible] although it is possible that he may have been a squatter at the time of [illegible] his entry.

One Caleb [illegible] entered upon February 16th, 1901, [illegible] February 16th, 1904. [illegible] cancellation dated September 27th, 1907. [illegible] subject to its [illegible] November 8th, 1910, to William E. Hume and [illegible] $47.75 in liquidation of the [illegible]. [illegible] on file of any patent [illegible] time.

On April 17th, 1914, [illegible] allowed by the [illegible] $10 payment on the [illegible] Donald McDonald [illegible] a homestead of 160 acres. He was advised by the Office on June 4th, 1914, that while it was fully intended [illegible] Mr. McDonald did not [illegible] this entry for [illegible] time land reserved by the Crown, but quite often [illegible] by squatters without authority, which may have happened in this case. He further advised him that as the land was [illegible] the actual homesteading payment of $10 [illegible] conditions must have been satisfactory to him, and it was requested that unless reasons could be assigned from Mr. McDonald at some future date the Department would not be justified in refunding the $47.75 to him.

An [illegible] was then made to locate Mr. McDonald and several clues were followed up all of which proved abortive. One in particular was that Mr. McDonald was located on a farm near Bellamore, and in this connection

I

I would direct your attention to Commissioner Templeman's report dated October 27th, 1925, and the Assistant Agent's covering letter of the fifth item, marked, wherein it is established that this Mr. McDonald was a different man of the same name.

In a communication addressed to the Honourable Charles Stewart on November 24th, 1925, Mr. William S. Moore again requested a refund and again the Minister in his answering communication of December 23rd, 1925, stated that he was not in position to authorize a refund unless and until we were able to locate Mr. McDonald and make collection from him. No further protest was received from Mr. Moore.

I would now direct your attention to [illegible] of May last last referring the matter to the Attorney General of Alberta with a statement of the facts and requesting the Department by the following questions:-

"Assuming the Board succeeds in locating the debtor, or, in the event of his death, [illegible] ?
[illegible] through possession of real property, [illegible] would be glad of a recommendation [illegible] William S. Moore from his obligations, in [illegible] with a refund of the amount [illegible] order."

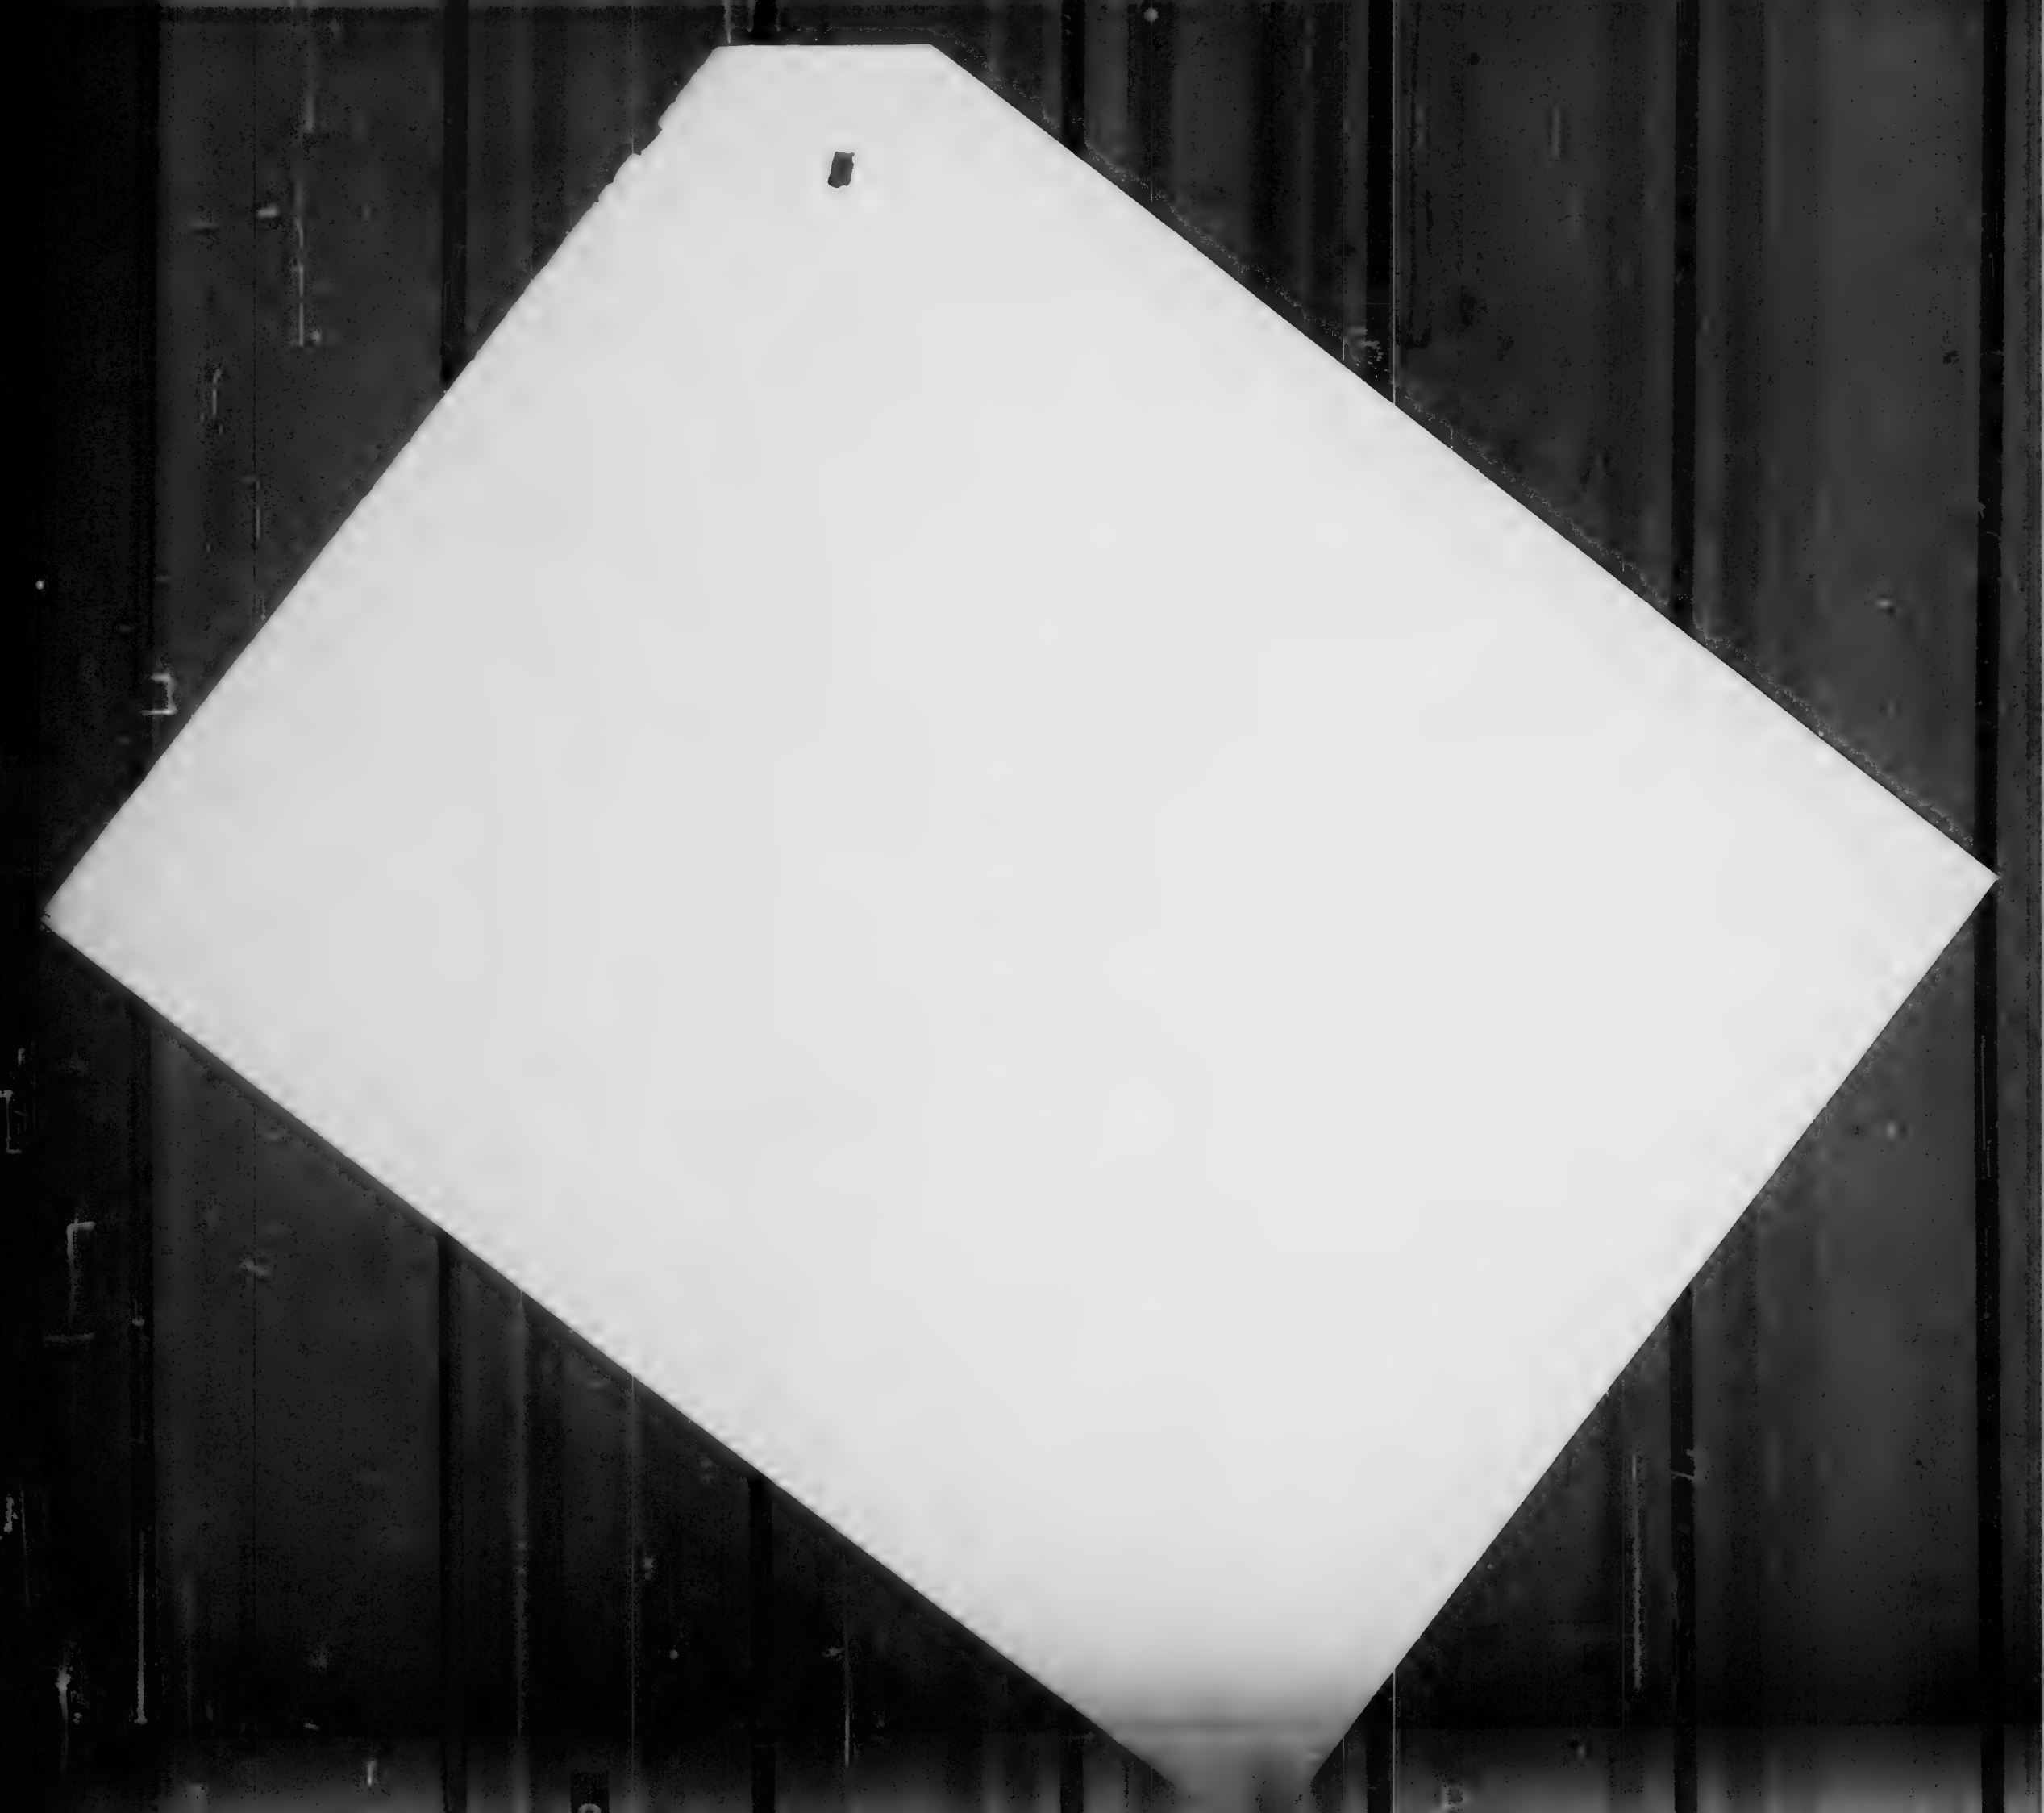

The report of the Alberta Board is now on file [illegible] immediately hereunder, pertaining [illegible]:-

1. That it is reported that the debtor Donald McDonald is [illegible] on a farm near Chauvin, Alberta, and there is a probability that collection can be made from him.

2. That it is advisable that steps be taken by [illegible] to secure the [illegible] from Donald McDonald.

The Board report, and practically [illegible] to [illegible] were [illegible] by the [illegible] of [illegible] May 11th, [illegible] to [illegible] of [illegible] S.C. [illegible] of [illegible] [illegible], William S. Moore.

Memorandum.

Mr. Hewatt.

In 1895 Donald McDonald executed a transfer to Stevens an advance of seed grain and he gave as security a quarter section to which he never had any claim or right of any kind, although it is possible he may have been squatting on the land at the time.

Eighteen years later William Moore acquired from McDonald's indebtedness with interest amounting to $47.75.

Moore has repeatedly several times but was always been turned down, the Department claiming that nothing could be collected as no refund could be made. The last time Moore protested was in 1927, since which time he has not been heard from.

Recently, the case was revived and a reference was made to the Seed Grain Advisory Board that the object of tracing the debtor, McDonald. The Board has now furnished a report saying that McDonald has been located at Strathmore, but I would point out that we had already located a man named Donald McDonald at Strathmore last fall, at which time he denied that he had ever obtained seed grain from the Department. (See Inspectors report made in [illegible] March or April).

According to this report the McDonald now at Stratmore is not the debtor and there is nothing in the new report from the Adjustment Board to prove that he is. There are two ways of looking at this case,-

(1) McDonald encumbered land to which he had no right, and this being the case, the land should have been free from the charge, and the Department should look to the debtor, if he can be found, (i.e., assuming McDonald was not a squatter on the parcel).

(2) The Department had a properly executed bond naming this land as security and when acquiring the land Moore was satisfied to pay the amount. The quarter section is a good one, and if Moore had refused to pay, some other applicant would no doubt have taken it, accepted the condition and paid the money.

The question now is, shall the Department give Moore his money back? Mr. [illegible] considers that this should not be done until the debtor is identified and collection made from him.

I am inclined to think this is the proper course to pursue.

Dominion Lands Board.

Mr. Hume.

I agree with the opinion expressed in your memorandum of the 9th instant, hereunder, with respect to the seed grain indebtedness formerly charged against the South East quarter of Section 36, Township 22, Range 3, West of the 5th Meridian, and paid by Mr. W. Sir,-

Donald McDonald.
S.E. 30-22-3, W. 5th M.
Board Order 4936.
Your Ref. D-MC-50.

This case was referred to the Board by departmental communication of May 18th, 1931, setting forth certain facts in connection with a seed grain bond for $21.95, the amount due under which was paid by William S. Moore at the time he obtained entry in November, 1918, and advising that should the Board succeed in locating the debtor, or in the event of his death, fixing responsibility of his estate through possession of real property, the Board might find itself in a position to make a recommendation releasing the said William S. Moore from his obligations.

The Board now submit that it is reported that the debtor, Donald McDonald, is residing on a farm near Strathmore, Alberta, and there is a probability that collection can be made from him, pursuant to which they recommend that the liens entered against this land be released, and that the sum of $47.70 be refunded to the present entrant, William S. Moore.

The whole of the facts in this case have again been taken under consideration, and it is observed that when making payment in 1918 Mr. Moore did so without protest. It was not until 1924 that he made application for a refund direct to this Department, stating that he had been informed that Mr. McDonald never held entry for the land. He was advised in answer that although there was no record of Mr. McDonald having held a statutory interest in the land by way of entry or lease, nevertheless, the lien was drawn on that security, and there was a possibility that he had been squatting on this quarter section at the time he obtained the advance. Moreover, that the land had been posted for re-entry subject to the indebtedness, and the Department held that there would be no justification for refunding money paid under these circumstances, because the new entrant paid the money of his own free will and if he

William Newlett, Esq.,
Secretary,
Seed Grain & Relief Adjustment Board,
Edmonton, Alberta.

had not done so, someone else would undoubtedly have made entry and accepted the condition. He was, therefore, advised that the Department could not consider a refund unless and until Mr. McDonald was located and collection made from him.

Several clues were then followed up in an endeavour to locate Mr. McDonald, all of which proved abortive. One in particular was that Mr. McDonald was living on a farm near Strathmore, but Homestead Inspector Tempany's report, dated October 27th, 1925, forwarded evidence wherein it was definitely established that this Mr. McDonald was a different man of the same name. Mr. Moore was again definitely advised in 1926 that a refund could not be made, and since then, no further protest has been received from him.

In view of the departmental decision given Mr. Moore in 1926, and of the established identity of Mr. McDonald, of Strathmore, as not being the licencee, the Department has reconsidered the advisability of a refund and is of the opinion that until Mr. McDonald, the debtor, can be located and collection made from him, the possibility of which appears very remote, it would not be justified in recommending such action to Council.

DEPT. of the INTERIOR

Memorandum:

Mr. Hume.

Re: Donald McDonald
W.S.Moore,
S.W.30-22-3-W.5th M.

The facts in connection with this case, up to that time, are contained in my memorandum of November 7th, hereunder. May I also refer you to letters of November 9th, 1931, addressed to the Deputy Minister, and his of November 13th, concurring therein.

The Secretary of the Alberta Adjustment Board was accordingly written to on November 25th following, and at the request of the Deputy Minister he was again written to on April 21st last, and requested to kindly endeavour to complete the investigation and forward the final recommendation of the Board as soon as possible.

May I now refer you to his communication of the 18th instant immediately hereunder, wherein he directs attention to the contradictory statements made in the departmental communication of May 18th, 1931, (whereby this case was first referred to the Board) to the effect that Mr. Moore had made payment of the amount due on this bond under protest, whereas in the communication of November 25th last, it was stated that Mr. Moore, when making payment did so without protest. There is no record of any protest as regards payment having been made by Mr. Moore at the time of remitting payment in 1918 when he obtained entry, and the first intimation of protest on his part was in a letter addressed to the Honourable the Minister of the Interior on April 25th, 1924.

Mr. Hewlett also sets forth an account of

the

the endeavour of the Board to locate Donald McDonald, and states that, while it is the opinion of the Director that a certain Donald McDonald, an aged man, now residing in the Strathmore neighborhood, South of Cheadle, is the man who obtained the advance in 1895, a comparison of his signature with that on the bond does not bear sufficient resemblance to satisfy the Board that they could be considered as being the same. He concludes his letter as follows:-

"The Board's attitude is that in cases of this nature wherein a new entrant has not benefited in any way from a former owner's occupation of a parcel of land, it has been customary to relieve the new entrant of responsibility for a former entrant's indebtedness. If Moore did protest the assumption of this indebtedness there would appear to be no valid reason why he should be penalized when other individuals in all parts of the Province have been recommended to be released from liability.

This is a rather difficult situation. It is my earnest desire to prepare a recommendation which will be mutually satisfactory to your Department and the Board, and I will appreciate very much receiving from you your opinion of the matter after you have given consideration to the various details touched upon in this letter."

May I say that that the facts of this case are such as to leave it only as a matter of personal opinion as to whether a refund should or should not be made, and in view of the expressed opinion of the Board in cases of this kind that a new entrant should not be penalized by requiring him to assume a former entrant's indebtedness in cases where they have not benefited in any way from the former owner's occupation of the land, I would respectfully suggest that they be advised that the Department is prepared to grant a refund on receipt of their recommendation to the effect that this indebtedness should not have been held as a charge against the land, and in view of the fact that there is apparently no possible method of definitely identifying the liens it should be also suggested that they recommend that the account be written off at a loss.

Use : Study of magnetic field due to current flowing in a conductor.

Theory :

Consider a conductor in the form of a circle of radius 'r' and carrying a current 'I' amperes. Let 'H' be the intensity of magnetic field at the centre of the circle.

Then, $H = \frac{I}{2r}$

Where, I = Current in amperes

r = Radius in cm.

H = Intensity of magnetic field in oersteds.

Procedure :

1) Draw a circle of radius 'r' cm on a white paper and place it horizontally on the table.

2) Connect the coil in series with a rheostat, ammeter and a battery.

3) Place a magnetic compass needle at the centre of the coil.

4) Rotate the coil in the horizontal plane till the magnetic needle is in the plane of the coil.

5) Pass a current of 'I' amperes through the coil.

6) Note the deflection of the magnetic needle.

7) Reverse the direction of current and note the deflection of the magnetic needle.

8) Repeat the experiment for different values of current.

Memorandum.

The Agent at Edmonton submits the application of Pitlen Legal to exchange Legal subdivision 4 of Section 3--57--, W. 4th M., containing 40 acres, for the same. S.W. 4--53--, W. 4th, containing 40 acres, the latter being the homestead of Lewis M. Williams. He says that the said S.W. 4 of 34 was formerly the property of Pitlen Legal, but that by inadvertence it was entered by the said Lewis M. Williams, whose entry thereafter was cancelled.

Pitlen Legal states in his application that he has erected the house on the land now claimed by him, and that the location was made by mistake. He says that the land he now claims is more suitable, being nearer, and that he has made valuable improvements thereon. He also states that he has been unable to obtain a patent for the land now claimed by him, because of the cancellation of the entry thereof.

The Agent recommends that the exchange be allowed.

Subject to the approval of the Department.

Commissioner of Dominion Lands.

I beg to refer you to my memorandum of the 3rd June, 1903, relative to Bishop Lemmi's request that D. S. 4 in Lo. [illegible], W. 4th, be exchanged for the Dom. S. W. ¼ of [illegible], W. 4th, containing 80 acres and to say that the sketch is signed, I recommend the exchange, that the extra fee be made, but that the certificate of [illegible] be paid for by the Department.

The necessary [illegible] was forwarded in this case and Bishop Lemmi has paid over the money for the extra 40 acres, but I find on [illegible] that, while the first edition thereof shows the S. W. ¼ of 34 to be a full quarter-section containing 80 acres, the balance will be covered by a lake, that portion of the lake which formerly covered the said 40 acres in the second edition to be almost completely dried up.

I therefore beg to recommend that a refund cheque for $20 be issued in Bishop Lemmi's favour, being the amount paid by him for the 40 acres, as the patent will be sent to be issued for Dom. S. Division 4 of the said Section 34, which contains 80 acres only.

The different positions of the lake as shown on the first and second editions of the plan are shown on the sketch hereunder.

Dear Sir,

I understand, from your letter of the 15th ultimo that it is not the policy of the Dept generally to sell Dominion Lands, and I understand it very well. Yet there can be exceptional cases: this big debater of Lot 3, Tp 57, Rg 26, west of 4th meridian, is to be sold to somebody. But as we have been paying the taxes on it for several years and the owner of the balance of the quarter section has taken no action in order to secure it, I feel that we are the most entitled to it, and I hope the Dept will consent to reconsider its decision & to grant me the land.

I have the honour to remain,
Dear Sir,
Your very sincerely,

In replying to your letter of Aug 30th (file 58347) I wish to ask if you can say more information to give me as regards the Homestead entry as I want to move up there in the Spring & have not any too much time. I was told when at Ottawa that the Homestead referred to was held for a young man who was not yet of age, if that is so, I would do know if that is not against the Dominion Home stead laws. If so I wish to protest against it being held for him at once as the last who

eligible
is not ~~obeying the Homestead~~

Hoping this will receive your kind attention at your earliest convenience. If there should be an application entitled to the benefit of our will you Kindly give me his address & oblige

Dear Sirs:

Your Ref.-Carl Julius Marquardt.
File - 19139.

I have your letter of the 1st instant and in reply I am to state that according to our records it would not appear that Carl Julius Marquardt ever held under homestead entry the above described parcel of land. The said land was patented on the 25th June, 1903, to Robert F. King, Lacombe, Alberta.

I am unable to locate any parcel of land Mr. Marquardt may have held under entry and I, therefore, regret to state that such information is not available unless you are in a position to furnish me with a proper description of the land by section, part of section, township, range and meridian.

Yours very truly,

J. Lorne Turner,
Registrar of Lands.

I, Paul Dudra

do solemnly declare:

That I made entry for the above-mentioned lands at the Dominion Lands Office at Edmonton on the 16th day of June 1900, and I now ask to have said entry cancelled, and be permitted to take up another homestead for the following reasons, namely:

(Here state reasons) 1st The land is so thickly covered with timber and brush that it is unfit for farming purposes and would take more money than I have to clear it.

I lived on the land till the spring of this year (1901) when I found that I could not work the land

(Here state nature and extent of any improvements, and if any buildings erected, where performed.)

I bought a dwelling house and some stables, (paying $2 therefor) which had been placed on the land by a former occupier. I broke and cleared about 2 acres of land

(Here describe the number of any patents or Crown Grants issued, and state value thereof.)

(Give area of breaking and cultivation each year.)

That I have not sold or agreed to sell my claim or any part thereof, nor have I leased it, nor do I expect to lease it or any part thereof, to any person or persons whomsoever, but am entirely ignorant of any such agreement or lease, and that my entry for the said land is to be cancelled.

Ottawa, [illegible] 1891

Sir,

As the name of the person who obtained entry for the S.E. ¼ of Section 32, Township 16, Range 25 W. of the 4th Meridian, appears in his application for entry and by the books here to be "[illegible]" and the name of the person whose application for the issue of a patent for the same land has been received here duly recommended and approved in accordance with the provisions of "The Dominion Lands Act" appears to be "[illegible]". I have to request you to satisfy yourself that the applicant in both cases is the same person, and, having done so, to report which name is correct.

If you are not able, of your own knowledge, to decide the matter, I have to request you to advise the applicant for the issue of the patent that no steps will be taken towards its preparation until he has filed here a statutory declaration setting forth his correct name in full and stating that he is the person who obtained entry for the land in question under the name of "[illegible]".

The declaration he may make himself before any person who is a Justice of the Peace to take the same.

Lacombe Dear Sir
Alta.

Just read your letter to W F B Eades Re mothers homestead and hasten to give you all the information possible. We came here in June 1899. My mother, sister, and myself. I filed on a homestead in June and my mother did the same in the following July- I had the work to do on two homesteads, and you know what a job that is among the scrub poplars and tamarac [illegible]. When I went over the land on a horse it worked fine. But when I got started breaking it wasn't so easy had to stop and chop every few minutes My mother had quite a bit of money when she came here having sold her place in Ontario. and I had a team waggon + harness, So we got along very well until I lost my team, Swamp fever. Went into raising cows and farming how ever a new team but They could do the work the others owned. We have made a living off the place, and paid all our taxes, in that respect we differ from the would be [illegible] living in this locality there is one foreigner in particular who says he tried to cancel 3 claims in this township. We have worked hard both early and late on this land and I think we're very near [illegible] it

My mother is 75 years old and would like to have this homestead question settled My Sister married about 2 years after we came here and mother and I have been keeping Batch ever since
There is more work done on this homestead than there is on some others for which patents have been received. I have not been 7 or the last 4 yrs. I have not been very well to much water [illegible] to that date did a lot of breaking never went around a slough always went across but now I go around even if it is a mile longer With many thanks for the interest you have taken in this matter
I remain Very Truly Yours

Dear Sir

INTERIOR
JUN 24 1915

I have the honour to make application for S.E. ¼, Section 7, Township 8, Range 24. W. 4 Mer. near Willet, Alta. Taken in the name of Elizabeth Brash I applied to the Hon. Clifford Sifton for a Homestead for my mother. We had always lived & worked together, She was a widow with a grown up scattered family, She was 69 & afflicted with rheumatism so that she could not always help herself. But I wanted a chance to provide something for my own old age & to have a Home for her & I together. She reminded her but said she would give it to me & I had remained with her.

But that I must fulfil the Homestead Regulations

It was a Dartmouth claim, so. As near as I can remember I located south & my brother J. R. Brash who came west with us from Lond. & he lived in Prov. Part Ont. I worked for him for $2 per day, while he was to do my improvements at his [illegible] which was not settled then.

It was filed on in Edmonton in 1899, sometime in the Fall I think. I had five (5) acres fenced & under cultivation when I left after three years. J. R. B. was to finish improvements

The name Elizetta Brack belongs to both.
J. A. B. & my mother died in 1909.
When my youngest sister Lizzie Bray died in 1911 J. A. B. had a mortgage which they must pay or settle the claim. The administrator Mr. Webster, Edmonton, till finally it takes the estate. When they had my claim over A. Ste. Anne Trust Co. against my signature - my claim, I lost my papers but the P.M. Minister saw the letter the Trust Co. wrote me & on it upon the envelope. This was in 1917. Mr. Whyte can tell you more about my affairs but they have left Millet & I have not been able to get there yet. The National Trust Co. are going to sell for taxes, etc. on March 19th, 1918 on March 19, 1916 - 1917 - 1918 on March 1915. When a letter is registered it takes a long while. I have forbidden it but I can't do anything. This is to go away & I get nothing for my work. I would like I must have the P.E.I. Sept. 1st. Will you stop the P.E.I. & give me my pay. Return Post to Bryan Yeth Bud per Bill & Mr. Thomas Knight

Sir,

Referring to your letter of the 29th ult., File 31158, to Philip Jordan, and to the communication from the Department in the matter, dated the 17th of May, I am to inform you that there seems to have been some misunderstanding in this case owing to a duplication of files here. It seems that a letter was sent to you on the 4th of December last, authorizing the abandonment of the cancellation proceedings instituted against the entry of Philip Jordan for the N.E.1/4 of 18 - 49 - 24, West 4, on the application of Harry Worley, and, unless you are aware of some reason to the contrary, these instructions are still to be carried out, and this will give Mr. Jordan a further opportunity of completing the necessary duties.

The P.O. address of the applicant, Harry Worley, is not given in the papers on file here.

Dear sir,

Mr. Barthelomew Canadian Govt. Agent of Iowa sent some settlers lately who entered on sec.24-46-21 in the following order. Mr. Thos.Sate on the N.E. 1/4, Mr. Geo.Sate N.W. 1/4 and Mr. Jas M.Sate Jr on the S.E. 1/4. Now owing to the stakes being burnt out their entry should have been on sec. 14-46-21 instead of on 24 in the same order with regard to the 1/4 secs they wish to have their entry changed to sec. 14 will you kindly write Mr. Buttan agent Edmonton and have this done as it would cost great dissatisfaction if they had to pay again- I had my arm hurt and could not go out with the last arrivals but hope to in a week or so. Kindly have this matter fixed as soon as possible both the Sate boys are building on 14 and their father has gone back to fetch family.

Yours truly,

Dear Sir,—

Mr. John Meyer of this place has requested me to communicate with you in regard to the department paying him the amount of improvements —or rather the value thereof made on the land for which he made entry and the entry to which he has now cancelled.

My clients affidavit which I now enclose gives sufficient particulars for the department to understand the matter.

W. I. Hawkshaw has now made entry for this land and the amount which he paid for the improvements as I now find from the land agent here is $1[illegible].00.

My client is a poor man working at his trade. His crop this year was badly frosted and almost a total loss, the result is he has decided to work at his trade and he is very badly in need of this money. Moreover the place which he had homesteaded was much more improved than the average land settled on for a year.

Trusting that you will act on this matter without delay

Yours truly,—

Corbet L. Durie

My client has asked me to request that this cheque be sent to me as he is not sure what part of the territories he will be in when same arrives.

Sir,

I beg to acknowledge the receipt of your letter of the 26th ultimo, and in reply to say that the performance of residence duties upon a homestead is, generally, the most important condition attached to an entry, and there is no way by which you can be relieved of this obligation. A settler is required to live upon and cultivate his homestead during a period of three years, the only exception allowed being where he occupies farming land owned by himself in the vicinity, or lives with his parents, should they own any farming lands nearby.

Enc.

Enclosed herewith is a printed memorandum setting forth the law in this regard. Under the circumstances, I am to express regret that your request to be permitted to substitute cultivation for residence cannot be entertained. There is no authority for it, and it will not be necessary for you to make application before the expiration of your entry as it will not be disclosed in the meantime, as the understanding that you will be required not later than the 1st of May next. If you are unable to perform the homestead conditions your better plan will be to obtain permission to abandon the land and make a fresh entry at a future date.

Sir,

As you have been advised, the Brecon Ranche lease has been cancelled; viz, that portion of Township 22 range 29 W.4 th. M. lying north of the Bow river. You will therefore be careful not, till further advised, to grant entry to the following lands:

The homestead and pre-emption entry of Mr. Wilson, which is, I think, the S.½ of Section 28.

The west half of fractional section 26, on which there are, or at least were, considerable improvements owned by said ranche company.

Section 14, which is to be sold to Ricardo.

The east half of section 10 which I understand is to be acquired by Mr. Heaven.

It might be well that the Homestead Inspector in charge should thoroughly inspect the said leased before accepting any entry therein. It is convenient for that purpose, and the inspection could be cheaply and expeditiously done.

I have the honor to be,

Sir,

Your obedient servant,

In 1899 I took up the N W ¼ of Sec 28 - 22 - 25 W 4 I have lived on it 9 months since but have not lived on it at any one time not being what my homestead duties call for but should have done so had I been able to obtain good water I have dug three wells on it & was unable to get good water on any of them & it made me so sick I had to go and live with my uncle on the adjoining section 32 28 - 22 - 29 on the river I have it all fenced and have cropped 20 acres every year & have performed my homestead duties in every way only residence I wish to ask you to recommend me to obtain my patent for it as I have been notified by Forest Ranger Thomson to get a my place & live on it or it would be taken from me I have 18 head of cattle & horses & am here to stay with the County & my friends to & am in place it would only be putting me to unnecessary trouble & expense & would benefit no one I do not want it for speculation I want it for cropping & grazing my cattle I am in partnership with my uncle & he does not like me to leave him since as he is an old man & it is more convenient for me to live on the river & have water for my cattle without expense hoping you will see the justness of my application & hoping for a favorable reply

DOMINION LANDS OFFICE APR 15 1929

OTTAWA, 28th August, 1928.

Sir,-

N.W. 1/4 Sec. 36 Tp. 56 Rge. 26 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Joseph Chalifoulx or (Chalifoux),

Is there any way to stop the tunnelling and thievery in Stonyland

Here is a sample of the method commonly used

John C. Cowan had entered the NE¼ of Sec. 36 Twp 43 R. 26 W 4 M, for a certain sum of money he bargained with two brothers to give up his Homestead, upon one of the parties getting married

They married and then the disappointed party (Cowan) took back his deed and refused to give up the land for which Cowan had paid. Cowan is now prosecuting the more fortunate party

This class of swindling is great trouble and an damage to the country

Sir,

I beg to acknowledge the receipt of your letter of the 22nd ultimo, with regard to your claim to the N.W.¼ of 36, 26, West 4th M., and in reply am to inform you that a copy of your letter is being mailed to the Local Agent at Red Deer, for a report as to the circumstances affecting the matter and you will be further advised when this is received.

Enc.

Referring to your questions (2) and (3) I am to say that it is not possible to furnish satisfactory replies to general inquiries of this nature. When a case of the kind comes up, it is dealt with in accordance with the facts. The provision in the law which relates to a settler performing his residence duties by living with his father or mother, does not cover the case of a son-in-law. You are also no doubt aware that the law does not allow of a settler making any assignment of his homestead, prior to the receipt of certificate of recommendation for patent.

With regard to lands available for homestead entry, I am to say that any lands that are especially valuable for timber or hay purposes, are not open to homestead entry being reserved in the interest of the settlers themselves. When there is any doubt as to the desirability of reserving such lands, it is usual to instruct the Homestead Inspector to visit and report thereon.

Sir,

I beg to inform you that your application for patent for the N.W.¼, Section 32, Township 7 , Range 26 West of the fourth meridian, has been received in the Department but before it can be considered you will be good enough to give a proper explanation as to the ownership of the S.½ of the S.E.¼, Section 5, Township 37, Range 26, West of the fourth meridian, the land which you claim to have performed your residence duties. In your statutory declaration made on the 21st November, 1904 you state that you have been living with your father-in-law on land purchased from the C.P.R. while in your application for patent you claim to have been living on land purchased by yourself. Those at the latter address must furnish a complete explanation.

Dear Sir:- Re Ellis, Folio No. 542901.

Mr. Ellis has handed me your letter to him of the 24th ult. in regard to the N. W. quarter of Section 32-35-26 west 4th Meridian, Alberta. The discrepancies between the Statutory Declaration made by my client in Nov. 1903 and the statement made in his application for patent arises in this way: Mr. Ellis homesteaded a quarter section adjoining the farm upon which his father-in-law resides. Mr. Ellis then resided with his father-in-law upon the adjoining quarter for the first years of his residence. In February, 1904 I drew up a transfer from the father-in-law, F. W. Dennison to Mr. Ellis of the South Half of the S. E. quarter of section 5-37-26 for the expressed consideration of $1.00 and it is upon this half of the quarter section, that the father-in-law formerly owned, that Mr. Ellis's new stable etc. and has resided on for the last five years.

If there is any further information you require in regard to this application kindly let me know and I shall gladly give you any aid I can.

Yours truly,

Sir.

Referring again to your letter of the 7th ultimo, I am to inform you that upon further investigation on the files from the fact was overlooked that the homestead entry of Mr. Edward W. Smith for the N. E. ¼ of 10, 56, 25, West 4th, was been protected until the 1st of May next. Through some oversight there was no application of files, which caused the mistake. Under the circumstances, of course, the entry is not at present liable to cancellation, and it is not at all likely that the quarter section can be made available for entry by you. The homesteader has made application to purchase the land and this will, no doubt, be granted. You should, therefore, try and obtain some other suitable location.

To Secretary,

Dear Sir.

I came to Red Deer about a month ago intending to settle here, but I have failed to find a quarter I like but one, and that one is next to Mr. Edmund Perrin, (my father-in-law) - that was taken by Mr. Edward Smith two years ago this Spring, s. 28 t. 39. r. 10 I think this is the right numbers.

Now Mr. Smith will never come and live on that quarter and they have made application to buy it - this Spring only to prevent Mr. Perrin from taking it.

Now why can't I have the chance as well as the next one?

Mr. Perrin has made lots of improvements on it, but will let me have it as it is.

Will you kindly consider the matter?

Ottawa, June 22nd, 1901.

My dear Sir Wilfrid,

Referring to the letter addressed to you by Mr. Peter Larkin, M.P. for West, last winter of 1900, with respect to the North east quarter of section 11, township 32, range 21, west of the 4th meridian, I beg to say I inquired into the matter and found the Commissioner of Dominion Lands had decided against Mr. Smith, referred to by Mr. Larkin, on the ground of non-cultivation of the homestead. In February last a new application to purchase was received by the Department that would do away with the Caretaker Inspector's recommendation. The Inspector, however, would not permit me to make sale until Mr. Smith had complied with the conditions of his homestead as above stated, or unless the matter was taken up by Mr. Smith's friends and the conditions carried out. I will have the matter further looked into with a view of ascertaining whether or not Mr. Smith is entitled to avail himself of the opportunity given him to purchase this land. If he does there is no opportunity, so far as I am

Ottawa 23rd January, 1907.

Sir,

Encl I beg to return herewith the application for patent of John Macgachern for the N.E.¼ of Section 26, Township 6, Range 30, West 4th Meridian, which you forwarded with your letter of the 19th November last, reference 18770, for special consideration. The homesteader in this case has performed his residence duties upon land owned by his wife, and if you are satisfied with the wife's ownership, such residence would count to the homesteader's credit.

The question as to the occupation or calling of a homesteader during his term of residence is immaterial provided the fact is established that he has no other place of residence and that he otherwise complies with the conditions of his entry. The homesteader will be able to count to his credit the residence he performed in this way, irrespective of the fact that he may go to a city or a neighbouring village for business during the daytime, provided always that he does not have a permanent residence elsewhere, merely going to sleep during certain periods of the year. In the present instance the Homestead Inspector's report of the 3rd November last, which accompanied your communication seems to show that Mr. Macgachern has resided continuously upon his wife's land since obtaining his entry, and if you are satisfied that this is the case and that the ordinary duties have been completed and provided always that the ownership of the purchased land is established if you will recommend the application it will be submitted for favourable consideration.

Your obedient servant,

P.G. Keyes

After giving "careful attention to the matter I still believe that this rule is a safe one and should be adhered to."

be good enough to say whether homestead entry may be granted for the N. E. 1/4 of Section 24, Township 32, Range 4, West of the 5th. You will observe the Surveyor-General first states that areas of surveyed quarter-sections would hereafter be marked on the plans of townships, but in this case the plan has not been received. R. A. Ruttan, Esq.,

Sir,

I have been asked to bring before the department the following case:

Samuel. W. Cunningham of St. Albert purchased a volunteer s crip from Magloire Grey, and i 1893 located it on a half of sec. 4, tp 54, rge 26 w4. He erect the walls of a house and plowed ten acres These improvements were completed by 1895. The logs for the walls were own and were purchased from Albert Cunningham for [illegible]36 logs at 25c each.

Cunningham then went away to [illegible] Hot there he has been working since, [illegible] on his return [illegible] that he found that the claim had been jumped, and is now occupied by a settler. Cunningham says he thought when he purchased and located the scrip he thought it was the same as homestead scrip and that no residence duties were required.

He now wants entry for his claim or at least payment for his logs which the other man now has in use.

What can you do for him.

Yours truly,

B. S.

Department of the Interior,

Referring to the application for inspection by Mr. [redacted] of the [redacted] of 30 - 34 - 27, west of the 4th, in connection with which notice to show cause was sent out on the 10th inst., I have the honor to enclose herewith a Declaration of Abandonment, signed by Mr. James L.Wilson as administrator of the estate of Fleming Wilson, stating that he desires entry to be cancelled, and asks for permission to take up another homestead. Since receiving your letter Foley has made up a statement, he will inform you, Foley is one who does not like to put on with pleasing speeches or attempt to write, in fact Foley in letter per which the letter was to assist in making out papers, time has been necessary, they state that it was impossible to do any breaking last year the ground being so dry and hard, which is apparent as interspersed with some blazes of timber and upon which I should judge that much of it is fair

25th February, 1943.

Dear Sir:

I have received your letter of February 16th, and have examined the homestead records to see whether information regarding the naturalization of your father and grandfather was available.

You evidently have been misinformed regarding your grandfather's land as the S.W.¼ 2-56-18-W 4th was the homestead of Jan Jodlowski. However as your father was naturalized in 1908, it does not appear necessary to search for your grandfather's naturalization.

Mr. Majk (also called Mickajlo and Mike) Winiarski applied for patent for his homestead, the N.W.¼ 2-56-23-4 4th Meridian on December 15th, 1909. He was 22 years of age and his family consisted of a wife and one small child. Mr. Winiarski, as proof of his British nationality, furnished a certificate of naturalization dated November 11th, 1908. The certificate was returned to him on January 20th, 1910.

This information for which there is no charge will probably be sufficient for your purpose, but if you desire further particulars of your father's naturalization, you should write to the Chief, Naturalization Branch, The Under Secretary of State, Ottawa.

This letter is being sent to you in duplicate for whatever use it may be required.

In reference to my application for the South East Quarter of Section 20 Township 36 Range 25 West allow me to state that a good part of the quarter is covered with scrub willow and small timber similar to the other quarters in the same neighborhood, which is already homesteaded, and being prairie, cultivated, I think the land is as good for agricultural purposes, although bearing a good deal of wood, as any in the district. We are informed by Government that for homesteading purposes timber should be considered of less value than prairie, however, I propose making a small payment on account of the land, and remain your obedient servant

IN THE SUPREME COURT OF ALBERTA
JUDICIAL DISTRICT OF RED DEER

IN THE MATTER of the South East Quarter of Section 20, Township 38, Range 26, West of the 4th Meridian

and

IN THE MATTER of the possession of the said lands by William W. Jones of Red Deer, and Elizabeth Ann Jones.

I, Reuben C. P. Gee of Nordegg in the Province of Alberta, Boarding House Proprietor, make oath and say as follows:-

1. That I am the entrant for the homestead described as the South East Quarter of Section 20, Township 38, Range 26, West of the 4th Meridian, but I have still some duties to perform before title issues to me, namely I have been instructed by the Department of the Interior that I must break seven acres of the said lands.

2. That I was a member of the Canadian Expeditionary Forces and was wounded while serving with same in the Great War, and am not now physically fit to perform the breaking myself.

3. That I am anxious to have the said breaking done, and have made arrangements with Robert Logan for the purpose of having the necessary breaking done on my behalf, but the Defendant Jones and his wife are occupying the premises and refuse to vacate the same.

4. That on or about the latter part of the month of March or the early part of April A.D. 1919, I agreed to allow the said W. W. Jones and his wife Elizabeth Ann Jones, to occupy the buildings on the lands hereinbefore described until such time as the lands which the said Jones alleged they were

4562619

purchasing from one Bremner should be vacated.

5. That it is necessary for me to have at least seven acres of the lands broken at once to comply with the conditions laid down by the Department of the Interior, and I have been endeavouring to have the lands broken for two years, and I endeavoured to have one, Washburn, who was residing on the said lands with the said Elizabeth Ann Jones, break the said lands but he refused to do so.

6. That I have on several occasions notified the said W. W. Jones and the said Elizabeth Ann Jones to vacate the said premises; and in particular in the Fall of 1920 I notified the said Elizabeth Ann Jones that it was necessary for me to make arrangements to have the lands broken, and that for that purpose I would require possession of the buildings.

7. That during the month of April 1921 I received a letter from the Defendant Elizabeth Ann Jones in regard to leasing to her the said lands, and that now produced and shown to me and marked Exhibit 'A' to this my affidavit is the said letter, to which said letter I made no reply whatsoever.

8. That I personally, and my agents, have demanded possession of the said lands, but the Defendants have neglected to vacate the premises.

9. That on Thursday the 9th day of June A.D. 1921 I went to see the Defendant W. W. Jones, who is employed by the Government in work near the City of Rei Deer, and he then informed me that he had not been home, but that he understood that his wife had moved off the place, and appeared to be surprised when I informed him that she was still on the premises and occupying the house. I thereupon explained to him the necessity of

getting possession and at once, and he assured me that he would see to it that all his chattels, as well as the chattels of Mrs. Jones were removed from the premises immediately.

10. That I am desirous of having the said W. W. Jones and the said Elizabeth Ann Jones removed from the premises, together with all their personal property, and that unless I succeed in having her removed I shall be unable to make satisfactory arrangements with the said Logan to do the breaking necessary to complete my homestead duties, and I will therefore be in danger of losing my rights on the said lands.

Sir,

In reply to your letter of the3rd instant, stating that you have been awaiting the issue of the patent for the S.W.¼ of section 20,township 25,range 2, west 5th meridian,I am directed to say that on the 6th March last the Agent of Dominion Lands,Calgary, was advised that this land stood in the names of Arthur Millers Rawlinson and Christopher Millers Rawlinson,and that the final payment had been reported in the name of A.M. Rawlinson. The Agent was asked at the same time whether these people wished to take title as tenants in common,and,if so ,in what shares. In reply the Agent informed the Department that you had called and requested that the patent be issued in your own name.

As the sale was carried out in the joint names of Arthur Millers Rawlinson and Christopher Millers Rawlinson,it will be necessary before the patent may be issued in your own name to file here a transfer in your favour of Christopher Millers Rawlinson's interest in the land above mentioned,together with an abstract of title and Registrar's certificate,and also to remit the usual registration fee of $2,otherwise the Department should be advised whether the land is to be patented to the purchasers as tenants in common,and if so in what shares

Sir,-

S.E. 4 Sec. 34 Tp. 50 Rge. West 4th Mer.

Referring to your application for the privilege of taking a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers who had obtained patent, or who may become entitled thereto on or before the 1st January, 1924, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Acting Commissioner

Sir:-

With reference to your letters of Sept. 29th. & Oct. 23rd last, your files 47219-19614-15774 Re W. ½ 2--38--26--4 & N.W. ¼ 16--38--26--4, I beg to state that I have made the required inspection. I find that on the W. ½ 2--38--26--4 there are approx. 100 ac. of timber suitable for cordwood this timber as well nearly fire killed & shows every evidence of decay.

I am of the opinion that it would be of more advantage to the settlement to throw these ¼s open for entry at the same time making all the timber over 25 Ac. on each ¼ subject to settlers permits.

With reference to the N.W. ¼ 16--38--26--4 I would recommend that this ¼ be still held as a timber reserve for settlers permits, the ¼ is heavily covered with Poplar timber which is only suitable for fuel purposes & does not appear to have been cut over to any great extent & will supply the needs of the settlement for some time to come.

Sir:

I am directed to call your attention to the fact that on the 11th November, 1912, Timber Inspector Smith reported that the North west quarter of Section 16, Township 38, Range 26, West of the 4th Meridian was then heavily covered with poplar timber which was suitable for fuel purposes and in view of this statement it was decided to reserve the land for timber purposes.

It is, however, now stated by Mr. Arthur Cave of Red Deer, Alberta, that the quarter-section contained is now useless for timber purposes as there is no timber left of any commercial value except that the poplar growing upon the land has been fire-killed. Under these circumstances, it is considered advisable that a further report should be obtained from a Homestead Inspector or Timber Inspector with respect to the timber upon this quarter-section and I would ask you to take the requisite steps with a view to obtaining such report at the earliest possible moment.

Referring to your letter of the 8th inst., file 545534, I beg to say that it is evident that Homestead Inspector Morrison inadvertantly described the North West quarter of Section 16, Township 38m Range 26, West of the 4th Meridian, as the North West quarter of Section 16, Township 38, Range 16, West of the 4th Meridian.

Mr. Morrison has returned to Estevan, but I am satisfied that he inspected the North West quarter of Section 16, Township 38, Range 26, West of the 4th Meridian, as this land is just six miles East of town, and he drove out from here to inspect.

In reply to your letters of the 11th ult., and the 7th inst., File 745534, I beg to say that after giving the matter very careful consideration, I would recommend that the North West ¼ of Section 16, Township 38, Range 20, West of the 4th Meridian be made available for ordinary homestead entry; making the entry subject to timber permits being issued on all, over twenty-five acres set apart for the homesteader. Although this land is only six miles from town, yet it is not any more valuable than the three quarters on Section 20, in the same Township, and also the same quarter on the South East of the same section which have been made available for ordinary homestead entry in the last twelve months.

O Ottawa, 30th April, 1917.

Mr. Hume.

Re N.W.T. 1½ - 2nd - 3rd - T. 4th M.

The quarter-sections were reserved in November, 1913, for coal for the use of settlers.

I enclose a letter of instructions issued by the Land Board, Calgary, in regard to the above, which you will see is for the most part in accordance with the Minister's memorandum of the 11th January, 1917.

"I stated the above land was without doubt valuable for coal and that it was quite possible that the seam was of sufficient thickness to be worked at a profit, but that the question was one which could not be settled definitely until a number of shafts had been sunk and the seam tested by actual mining operations. I pointed out that the land could be taken up for coal mining purposes only, and that the Department would not be prepared to issue patents for the land until it had been proved that coal existed in payable quantities."

The above was submitted [illegible] that before any action was taken with regard to the application of the Canada Coal Company, the views of the Board as to the location of the land, which is situated [illegible] should be first asked whether in their opinion the land should be withheld from settlement altogether, or whether it should be made available for entry subject to the usual reservation to the Crown of all coal.

The Board now writes that after giving the matter careful consideration they would recommend that the land be made available for ordinary homestead entry, subject to the usual reservation to the Crown of all coal, over twenty-five acres to be set apart for the homesteader. They go on to say that although the land is only six miles from Calgary it is not any more valuable on that account [illegible] and that although there is a demand for homestead entry in the last twelve months.

I do not think the above may be considered to dispose of the matter. I think we should first obtain all facts before proceeding.

Please see the Deputy Minister's memorandum of the 11th January, 1917 as it is desirable [illegible] to forward the papers to this office.

Dear Sir

Re the Nov 16 38 2 Cmb

My Son (Private L Newcombe) has handed me your letter of the 12th inst and desires me to acknowledge receipt of same and thank you for the information contained therein.

The returned soldier referred to in your letter served about three months at the Coast in the Canadian Navy and was discharged as medically unfit.

My son is at present in a convalescent hospital in Toronto viz 35 College Street and I myself am a returned soldier and expect to report for further duty overseas next month

I am aware that the land in question has been reserved for timber, having lived in Red Deer for 12 years. My son is willing to take his chance, if the land is thrown open for Entry, with the public. But if the land is to granted to a returned soldier without the usual tender listing. He should be given the preference over the other man.

It was represented that Mr. [illegible] spent twelve months in France and was wounded twice—first at Ypres in June, 1915, and again in September following, with the result that he lost his left leg below the knee. Memorandum:

Mr. Hume.

N.W. 16-33-26 W. 4th M.

Kindly see memorandum (marked) dated 26th ultimo, from the Deputy Minister's office setting out the Minister wished for a report and recommendation from the Agent, regarding this land.

Last May instructions were issued from the Deputy Minister's Office that this land was to be reserved in connection with the Soldier Settlement Act and on the 29th of that month the Agent At Calgary was instructed to make the quarter available for Soldier Settlement.

On the 3rd July, the Agent posted the land to become available for soldiers on the 17th of that month.

When the memorandum of the 26th ultimo, above referred to, was received here a letter was sent to the Agent asking him for his report and recommendation.

Since the Agent was written to a letter from him, dated the 2nd August last, enclosing an application for entry dated the 15th July last by Miss Nurcombe on behalf of her brother, Louis Nurcombe, has been attached to the file.

The report and recommendation called for has not been received.

It would appear from the previous correspondence on the file that Mr. Nurcombe is a returned soldier.

Memorandum:

This land was posted with other Soldier Settlement Lands and has been entered for by proxy.

On the 16th September, the Deputy Minister issued a memorandum (marked) as follows :-

"The Minister requests that the "Agent at Calgary be asked to furnish a report "and recommendation regarding the above land."

We have no particulars as to the points on which a report was desired.

It appears that entry has now been obtained by Louis Turcombe, (by proxy) and there is nothing on the application for entry to show that L. Turcombe is a returned soldier, but lower down on the file, statements are made from which I rather that he is.

Upon evidence being submitted that L. Turcombe is entitled to make entry for land reserved for soldiers it seems to me that the proxy entry for this land would require to be recognized, unless some evidence is forthcoming of impropriety in connection with the securing of entry, but there is no hint of this on the file.

If it is still desired to have a report and recommendation from the Agent at Calgary, it might be advisable to wire the Agent and specify in what points he is expected to report.

Respectfully submitted,

J. W. Greenway, Esq.,
Commissioner of Dominion Lands,

Sir:-

My Sister filed a homestead for me by proxy, the N.W.-16-58-26-W 4th Can. I prove up the said land by cultivation duties only. I have arranged to have 26 acres cleared this fall and winter, so same can be plowed and cropped next Spring.

I enlisted in the 12th C.M.R. at Calgary, August 19th 1915 - Reg No. 11)452. Left Calgary Oct. 6th, 1915. Left England for France in January 15th 1916. I was transferred to the 2nd C.M.R. and afterwards transferred to the Brigade Machine Gun (Stokes Gun) In the June fighting there, June 2nd to 13th I was wounded and buried for some time. I was in hospital about a month and did not get back to the line. On Dec. 2nd 1916, I was in charge of a Stokes Gun and I was wounded again, losing both my legs below the knee, also getting other wounds in the body and head, also affecting my nerves considerable. As my father who is a returned soldier, and not able financially to reside on the place with me, and my only brother who is 14 years, is in the R.A.F. as a cadet [illegible]

stand the reason why I would be left to
my own resources on the place. I was 20
months in hospital and convalescent homes
and am at present in a bad condition
physically. I would like to be able to
hold the quarter section, as it is only 6
miles from my home town and a place
I could have for a home. It also seems
hard if a person with my disability, can
not take advantage of a free grant of land
through not being able to reside on the
land, from causes referred to. Could not
the time I spent in the C.E.F. count
as residence. I was unable to take up a
homestead previous to enlisting and
take advantage of Order-in-Council, re
residence to count while in the C.E.F.
as I was only 17 years of age at the
time I landed in France.

Trusting the foregoing will receive
your favorable consideration

I Remain

N.W. ¼ 14-38-26-W. 4th M.
Proxy homestead, L. Purcombe,
Entry granted 15th July, 1918.

This quarter-section was under reservation for some number of years as it was heavily covered with poplar timber suitable for fuel purposes which was required for the needs of the settlement.

The Inspector in January, 1918, reported that the timber was fire-killed and recommended that the land be made available for settlement.

In view of the location, the Agent was asked if it was advisable to dispose of the land under ordinary homestead requirements and he recommended that it be made available as although it was only 7 miles from town, it was not any more valuable than other lands which had been opened to settlement in that neighbourhood.

On the memorandum of the 27th of September, 1918, the Private Secretary endorsed "Do not post at present." A number of settlers were in communication at that time with the Department for the purpose of having the land made available.

On the 6th of April last the question of disposition was again brought up and the Deputy Minister gave instructions to reserve the land for disposition in connection with the Soldier Settlement Act, in accordance with general instructions to post for Soldiers' Settlement all land vacated by [illegible]

The Agent posted the land for Soldier Settlement purposes on the 3rd May as becoming available on and after the 15th idem.

On the 26th of September last the Acting Deputy Minister asked for a report and recommendation from the Agent regarding the above land.

The Acting Deputy Minister [illegible] by
mented this request on the 2[illegible]ti ultimo by
stating that he understood, one, L. S. [illegible] came
to also be an applicant for the land and that
the information required from the agent was
a full report on all the applicants for the
land and the circumstances under which Mr.

The Agent of Dominion Lands [illegible]
reported under date of the 6th instant that
on the 14th of June last Mr. L. S. [illegible]roche
made application for entry on this land, but
at that time the land had not been [illegible] in
accordance with the regulations and his appli-
cation could not be accepted.

When the land was posted it appears
from the Agent's records that a copy of the
notice was forwarded to Mr. [illegible]roche [illegible]t he did
not make another application and entry was
called on the 15th of July by Louis [illegible]roche,
application being made on his behalf by his
sister, Miss V. A. D. Marcotte.

There is nothing on the [illegible]ent [illegible]al
file to show that Mr. [illegible]roche is a soldier or
has been on active service and unless he
came within this category he would not be
eligible to enter for the land.

Since obtaining entry, Mr. [illegible]roche
has made representations that the wounds received

MEMORANDUM.-

On the 15th July last, a proxy entry was granted to Louis Nurcombe for the North-West ¼ of Section 16, Township 38, Range 26, West of the 4th Meridian. Nurcombe is a returned soldier and lost both of his legs below the knees while at the Front and the wounds on his body and head which he received at the time have considerably affected his nervous system. He wishes to be relieved from the necessity of performing residence, as his father who is also a returned soldier is not financially able to reside with him. He received his wounds long before the proxy entry was made in his favour, and the question is now whether, under the circumstances, he is entitled to special treatment. In view of his affliction, he must have known of his inability to comply with the requirements of his entry and I do not very well see how he could be relieved from the necessity of residing on his homestead.

Respectfully submitted,

Deputy Minister.

Madam,

I beg to acknowledge the receipt of your letter of the 3rd ultimo, requesting your wish to make entry for the South west quarter of section 16, Township 38, Range 5, west of the 4th Meridian, on behalf of your son Dennis John Ryan, and to inform you that a homestead entry for the said quarter was granted to Mr. Louis Marcombe on the 1st July last, and the land is therefore not available at the present time.

If your son is of the full age of eighteen years and has not exhausted his right to an ordinary free homestead he is entitled to authorize you to make homestead entry on his behalf for any vacant and available quarter section on the usual terms. You will find enclosed herewith a form No. 32 A which may be used for the purpose.

If your son desires to secure in this manner his entry for it will be protected for the duration of his military service, but such time would not be counted to his credit as a performance of homestead residence duties. This protection would be continued for three months after his discharge. He would then have to go on the land and do his settlement duties and communicate with the Agent of Dominion Lands for the district.

Your obedient servant,

Assistant Secretary.

Referring again to your letter of the 21st October last, referring to your homestead, the North West quarter of Section 16, Township 38, Range 26, West of the 4th Meridian, your entry for which you secured by scrip, I am in receipt of a copy of the Medical Board proceedings in your case from the Board of Pension Commissioners.

Your case is being given full consideration in the matter of the settlement duties you are required to perform now come up for attention, but, before taking any further action, the Department wants to know whether you intend to live permanently with your father. Please advise the Department in regard to this and furnish your father's full name as well as a description by section, part of section, township, range and meridian of the land your father is living upon letting out whether he is the owner of it or giving the name of the town in which he is living and you should also set out whether your father intends to make such land or town his permanent abode.

You should also state definitely whether it is your intention to comply fully with the cultivation requirements on your homestead while living with your father in his home.

Sir,

Please refer to your file 115774 relating to the North West quarter of Section 16, Township 38, Range 26, West of the 4th Meridian, which Mr. Louis Nurcombe secured as a free homestead on the 15th July last.

Mr. Nurcombe made homestead entry by proxy and under the proxy regulations it will be necessary for him to appear at your office before six months have elapsed from the 15th of July last and satisfy you by declaration that he has already commenced the performance of his residence duties or that he will commence such duties before the end of the six months.

This man is badly crippled as the result of wounds received while on military service and the manner in which he is to perform his settlement duties is now receiving consideration.

If he should fail to comply with the proxy conditions upon which he was granted the land and cancellation is carried out automatically you are to reserve the land and not make any other disposition of it until you receive further definite instructions from this office. You should report to the Department promptly at the end of six months from the 15th July last setting out what action you have then taken.

Mr. Scott

Mr. Howe.

NWT Ordinance, W.4t. M.
Homestead Act. Marriage.
Entry Duties of Proxy, 15th July, 1st.

relieved of residence duties for a period of [illegible] military service.

Last October this entrant asked to be

The Ordinance says the Minister may, [illegible] make at the expiration of three years, [illegible] relieved [illegible] the Dominion system.

This case is set up in the [illegible] by Mr. Howe, who [illegible] performance of [illegible] a returned soldier, was not financially able to reside with him.

The Minister's attitude was [illegible] effect that Mr. Howe's request [illegible] the entry was [illegible] to comply with the settlement requirements and the [illegible] relief under the circumstances, he is entitled to obtain [illegible].

The Deputy Minister's opinion is contained in the last memorandum of his [illegible] as follows:-

"I do not [illegible] how he could be "homesteaded."

After [illegible] the Minister made the following memorandum on the file:-

"If Marmette intends to live with his father near "Red Deer [illegible] I think "I would [illegible] that as sufficient."

Mr. Howe writes that his father, who is at present in Calgary, intends to return to Red Deer in the spring where they have both been residing for some thirteen years; that it is his father's intention

to

to purchase land for himself under the Soldier Settlement Scheme as he is a returned soldier, and that it is Mr. Nurcombe's intention to live with his father on the latter's land and do his homestead duties to the best of his ability.

Mr. Nurcombe's land is about six or seven miles from the town of Red Deer, but there is nothing in the regulations which would permit of a homesteader performing his residence duties by living with his father in a town.

It is not yet known what land the father will be able to secure under the Soldier Settlement Scheme. The regulations do not permit residence with a relative on land which is more than nine miles distant.

If Mr. Nurcombe's father secures farming land in the vicinity of this quarter-section it would appear that Mr. Nurcombe will be in a position to comply with all the requirements, but if the father does not secure land within nine miles is Mr. Nurcombe to be dealt with in a special manner and allowed to reside with his father?

Possibly it would be well to hold this decision over until, say the 1st of July next by which time the father should have located his land and, in the meantime, we can protect Mr. Nurcombe's homestead if necessary.

If this man had secured his entry before receiving his disability the Department would be fully justified in issuing patent forthwith, but as Mr. Nurcombe obtained entry knowing that he could not fulfil the requirements his entry is not such a good one, but in view of his disability he deserves most sympathetic treatment.

Sir,-

I beg to acknowledge the receipt of your letter of the 4th instant, regarding your homestead the North East quarter of section 11, Township 24, Range 26, West of the 4th Meridian, informing the Department that you were discharged from military service on the 11th July last and that you then entered upon a six months' course of theoretical training, commencing on the 13th August following.

The matter of your compliance with the residence requirements upon which you were granted your entry has recently been under consideration.

As you informed the Department that your father, who is at present in Calgary, intends to return to the West in the spring with the intention of purchasing land for himself under the Soldier Settlement Scheme and that it is your intention to live with your father on the land and to the cultivation of the en your homestead, it was decided to instruct the Agent of Dominion Lands, Calgary, to protect your entry until the 3rd July next, by which date it is expected that your father will have located his land.

A copy of this letter is being sent to the Agent for his information. When it is known what land your father takes up Dominion Lands will be given further consideration and as soon as your father locates on land you should at once furnish the Department with a full description of it by section, quarter-section, township, range and meridian.

If your father has not secured his land by the 1st July next, you should then write the Department setting out what your father's position is and why he is unable to settle on the land.

Dear Mr. Tweedie,-

Lowland L. Turcotte.

I have yours of the 17th. in reference to the above mentioned case. The facts as to disability as set forth in your letter were brought to the attention of the Department some time ago. The difficulty was that Mr. Turcotte received his wounds long before proxy entry was made in his favour and when the entry was obtained there was no doubt as to his inability to comply with the settlement requirements in the ordinary way.

This was a case which appealed to me and it was finally decided to advise Mr. Turcotte that if he intended to live with his father in the vicinity, the residence duties could be performed in that way.

Mr. Turcotte has written the Department that his father's intention is to [illegible] himself under the soldier settlement scheme and that it is his (the entrant's) intention to live with his father on the latter's land and do his homestead duties to the best of his ability. A final decision has been held over for a time, until we see where the father locates.

SIR,

In accordance with your request I have to submit herewith a statement of particulars in connection with the above-named soldier who has filed a claim for pension purposes.

THE SECRETARY,
DEPARTMENT OF THE INTERIOR
OTTAWA ONTARIO

Secretary,
BOARD OF PENSION COMMISSIONERS
FOR CANADA

A.J. 545534.

Ottawa, 11th April, 1921.

Memorandum:

Mr. Rowe.

Re N.W. ¼ 16-38-26-W. 4th M.
Homestead - Louis J. M. Marcombe.
Entry granted (by proxy) 11th July, 1916.

While on active service Mr. Marcombe became a casualty, and according to medical evidence on file from the Board of Pension Commissioners he has suffered the loss of both legs below the knee by amputation. His right ear has also been amputated and his hearing impaired. For these disabilities Mr. Marcombe is in receipt of pension at the rate of ninety per cent, and of course is unfit for farming.

Notwithstanding his disability Mr. Marcombe obtained entry by proxy on the 11th July, 1916, and he is not entitled to credit for his military service, in fact the entry was probably made about the time he was discharged.

Mr. Marcombe wishes to be relieved of the residence duties by reason of his disability, and this matter was fully considered by the Rt. Hon. Mr. Meighen when Minister of the Interior in December 1918, when the case was brought to his attention by the Deputy Minister. The Minister made a note on the file to the following effect:- "This is a case that appeals strongly! If Marcombe intends to live with his father near, so as to attend to the cultivation duties, I think I would accept that as residence."

It appears that Mr. Marcombe Sr. also a returned soldier and contemplated securing land in the vicinity through the Soldier Settlement Board. This has not materialized however, owing to lack of qualification in the matter of farming experience, and I gather that he has abandoned his intention. This leaves his son in a position where he is not able to comply with the Minister's decision and the question arises as to what further action should be taken.

The possibility of Mr. Marcombe ever being in a position to undertake settlement duties is altogether out of the question and in my opinion he should never have been allowed to obtain entry. However, having been granted entry, and being unfit to fulfil the duties, I would suggest a sale to him at one dollar an acre under Section 32 of the Act. It does not appear however, that any duties have been performed, one good reason being apparently, that Mr. Marcombe has recently had to undergo another operation for re-amputation

On the 17th November last the Deputy Minister stated that no action should be taken to cancel this entry without first referring to his office, and the foregoing recommendation is therefore submitted for consideration.

HDC.

MEMORANDUM:

Mr. Cory.

Please see Mr. Powell's memorandum of the 11th instant, on file No. 545534, herewith. This is the case that has been up for consideration on several occasions.

Mr. Nurcombe's disability having been fully existent at the time he made entry for the land in question, I do not see how the Department can do anything for him except to grant liberal extension of time for the performance of reasonable duties, and as to residence a liberal interpretation of the vicinity provisions with relatives providing he cannot make arrangements for performing his residence on the homestead.

If, as suggested by Mr. Powell, it is desired to make a sale to Mr. Nurcombe, I do not think such sale should be at $1. per acre but rather at the face value of the land.

Sir,

N.W.¼ 16-38-26, W.4th M.

I am to acknowledge your letter of the 1st September last, making application for reconsideration of your application to be granted patent for your homestead, the quarter-section above mentioned, without duties, by reason of permanent disability contracted while on active service. In reply I desire it should be clearly understood that failure to meet your wishes is due rather to limitation of the law to cover a case of this kind. In no one instance is the Department aware of a case where patent was granted to an entrant who was at the time of his entry actually incapacitated from undertaking settlement duties. In many cases, however, of returned men, where a bona fide attempt has been made to fulfil the requirements but by reason of recurring disability they have been compelled to give up the attempt at farming, the Minister has approved placing the matter before the Governor General in Council with a view to remission of further duties.

As far as the Department is aware, no actual duties have been performed by you, in fact, it is understood that at no time since you made your entry have you been physically capable of undertaking the duties. Such being the case you were not, properly speaking, entitled to make entry, as in doing so you undertook under oath to fulfil the settlement conditions as to residence and improvements. As matters stand you will either require to take up your duties or abandon your entry.

Assistant Secretary.

I am to acknowledge your letter of the 13th instant, and in reply to say that fully written to by the Department on the 4th in regard to his homestead (copy of letter attached for your information).

Encl.

With regard to your statement that some of the duties have been completed I may say that the Department has no information on this point, but Mr.Thurcombe is at liberty to submit a statement which will be considered.

I may add that this case has been carefully considered in the past and on the evidence submitted the Department would hardly be justified in granting patent without duties. It is understood that the existing disability was present when Mr.Thurcombe made his entry and this disposition has for special treatment.

Your File 15774

Dear Sir:

In reference to my Homestead, the N.W. 16-38-26 W. 4th. I beg to apply & have my residence duties waived.

Since filing, my disability has increased about 80 percent. which include my legs and my right eye, which is now totally blind. I am now in the L. C. Patchin Hospital, Calgary, & don't want an operation on my left stump three weeks ago. (as there is a till abscess in my stump) & may have to undergo another operation any time.

On account of the increased

disability I certainly will not be able to do my residence duties, but will be able to get my cultivation duties done.

Hoping you will give this favorable consideration, I remain

I beg to acknowledge the receipt of your letter of the 24th instant, and in reply to say that you are not to accept the application to cancel which you claim was made prior to the Departmental instructions of the 1st June last.

Mr. Nurcombe has been allowed to purchase the land above described at $1.00 per acre in lieu of residence, the erection of a house being waived also. Furthermore, as the entrant is a returned soldier with ninety-five per cent disability, every opportunity will be given him to earn patent for the land.

Under these circumstances, there will be little likelihood of the entry being cancelled on an application for the option. It would, therefore, seem much more advisable for the applicant to look for land elsewhere.
